## SHOTGUN START

A **shotgun start** is a golf tournament format in which all groups of players tee off simultaneously from different holes on the course, suitable for large groups of 30+ players at Supa Golf.

Traditionally a shotgun is shot into the air to signal the start of the tournament. Here at Supa Golf, you just all start at your assigned tee time.

Each hole on a course will be the tee off hole for each team of up to five players. Group 1 would start from hole 1, Group 2 from hole 2, etc up to hole 9\*. Each group starts play at the same time.

A shotgun start will allow a game to end at the same time it takes the slowest group to finish a full round (or 9 holes\* of Supa Golf) to avoid queuing and waiting on the first tee and long waits for the players who finish first.

To ensure your event and check-in process runs as smoothly and efficiently as possible, we'll ask your whole group to arrive **a minimum of 30 minutes** before your booked tee time and come prepared with a printed list of pre-assigned teams of 5, and that people organise themselves into these groups to collect their trolleys and score cards before all the teams head out to begin play.

For more information, please visit our website: [supagolf.com.au](https://supagolf.com.au)

\* most groups play a shotgun start on **one** of our 9 hole courses. Only exceptionally large groups could be split across both of our 9 hole courses to play a shotgun start (typically groups of 90+ players).
